

K-LOVE is a very important part of our local community serving thousands of listeners with positive and encouraging radio programming. If K-LOVE was to be replaced with an LPFM broadcaster, our community's choice for this type of programming would be limited. K-LOVE serves the public interest by providing programming that parents and children do not need to be concerned about in terms of the type of programming that will be played. It truly is positive and encouraging and provides a morale boost for the general public. Please do not take that away.
